Did you know the average household contains more than 60 harmful chemicals?

Every day, we unknowingly bring items into our homes that contain harmful chemicals, mostly through cleaning and personal care products, which can negatively impact our health and the health of our families.

Body Burden:

Many of the toxins that we breathe in, put on and into our bodies can build up, causing what is known as Body Burden, and can negatively affect our health.

Our Global Mission

Improving quality of life by radically reducing chemicals in our homes.

We Create Safe Havens

For over 25 years, Norwex Consultants have been helping millions of families create healthier homes, free from harmful chemicals.

Your Norwex Consultant can help you choose the right products for your home to ensure that it is safe and healthy!

Limited Edition Little Red Cloth BacLock®
In honour of our 25th Anniversary, it's the original microfibre cloth that got it all started!

Size: 35 cm x 35 cm 300027 red \$28.50

Microfibre + Water

Chemical cleaners add to Body Burden. Make a change for the better, beginning with Norwex Microfibre and water. This simple step alone helps you significantly reduce toxic cleaning chemicals that can take a toll on your family's health. (Plus you'll save space under your sink without all those colourful bottles!)

Powerful, Safe Ingredients

Typical cleaning products are among the most toxic items in the home. That's why each of our ingredients undergoes a full safety assessment. This ensures that our plant-based ingredients and enzyme-based technology provide better alternatives to chemical-laden cleaners and personal care products by reducing parabens, phthalates, carcinogens and more.

Planet-Friendly Solutions

Plastics in the home can contain chemicals that are bad for your health, and plastic pollution is harmful to the environment. That's why we are dedicated to reducing plastic wherever we can:

- Several of our popular microfibre products have up to 70% recycled materials—made from plastic bottles that would otherwise have gone to landfills and oceans.
- Our Microfibre Recycling Program converts discarded microfibre into clean, renewable energy.
- Many of our products are designed to replace single-use plastic and paper towels.

How We Do It

The Norwex Microfibre Advantage

Amazing clean with only H₂O—no harmful chemicals required.

Extra-absorbent and ultra-durable.
At just 1/200th the thickness of a human hair, Norwex Microfibre is a superior blend of extra-fine, super-dense, nylon fibres—infinitely better than anything else for picking up dirt and debris!

Removes up to 99% of bacteria
from a surface using water only.*

Self-purifies within 24 hours. When wet, our BacLock® antibacterial agent (micro silver) embedded in the cloth self-cleanses it, drastically reducing mould, fungi and bacterial odour so the cloth is ready to use again and again.**

Saves time and money. With Norwex Microfibre, you can save up to \$600 a year on cleaning supplies—and cut your cleaning time in half!

Easy to care for: BacLock® self-purifies the cloth, so you launder less often! Between launderings, simply rinse thoroughly and hang to dry.

See complete Microfibre Care and Use instructions on page 43.

All Norwex Microfibre products carry a two-year warranty. Please visit www.norwex.com/product-guarantee for complete details.

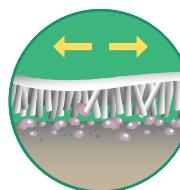

* When following the proper care and use instructions.

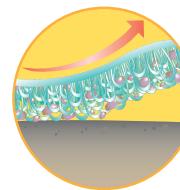

BacLock®

** This graphic is noted throughout the catalogue to differentiate those products that contain an antibacterial agent for self-cleansing purposes only. The agent is solely designed to inhibit bacterial odour, mould and/or mildew growth within the product.

How Norwex Microfibre Works

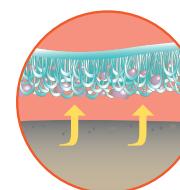

Traditional cotton cloth pushes around particles, spreading dirt, grime and moisture into the surface crevices, leaving it unclean.

Norwex Microfibre lifts and collects even the smallest particles of dirt, grease and moisture.

Use It Dry to Dust—Norwex Microfibre's electrostatic charge picks up and holds everything.

Use It Wet to Clean—When wet, Norwex Microfibre loosens and lifts the most stubborn dirt and debris.

Norwex Microfibre self-purifies—When wet, our BacLock® antibacterial agent (micro silver) embedded in the cloth goes to work with self-purification properties.

Some surfaces and finishes can be easily damaged. Please always test Norwex Microfibre on an inconspicuous spot first. Do not use microfibre (except Norwex Optic Scarf and Tech Cleaning Cloth) on anti-glare surfaces.

Your Safe Haven Starts Here!

With water alone, these 5 products help significantly reduce and replace those harmful chemicals under your sink and in your cupboards!

Cleaning Paste:
Elbow grease in a jar!

EnviroCloth™:
Cleans everything using only water!

Attaches to the Telescopic Mop Handle (page 10) for extra hard-to-reach surfaces.

Dust can contain up to 45 chemicals, including phthalates and flame retardants, and stir up allergies and asthma. Many cleaners leave a waxy residue that actually collects more dust, while regular cloths just move dust around, sweeping it up into the air to resettle again.

Use dry for dusting or wet for general cleaning!

Cleaning Paste pairs great with a damp EnviroCloth™!

Cleaning Paste

This effective Cleaning Paste works like "elbow grease in a jar," giving you the scour power you need to tackle tough grime, rust stains, scuff marks, permanent marker and more to get surfaces sparkling clean! Use with a damp EnviroCloth™ and lather well.

Not for use on brushed stainless steel or special coatings. Always test on an inconspicuous place first.

Size: 200 ml 403500 **\$39.50**

Cleaning Paste: one jar, hundreds of uses!

Cleaning Paste goes beyond bathrooms and kitchens—it can be used indoors and out!

Quickly cleans lawn furniture, campers and boats.

- Removes burn marks from pots, pans and appliances.
- Erases permanent marker from tile, laminate and linoleum.
- Cleans and polishes all kinds of surfaces with just one application!

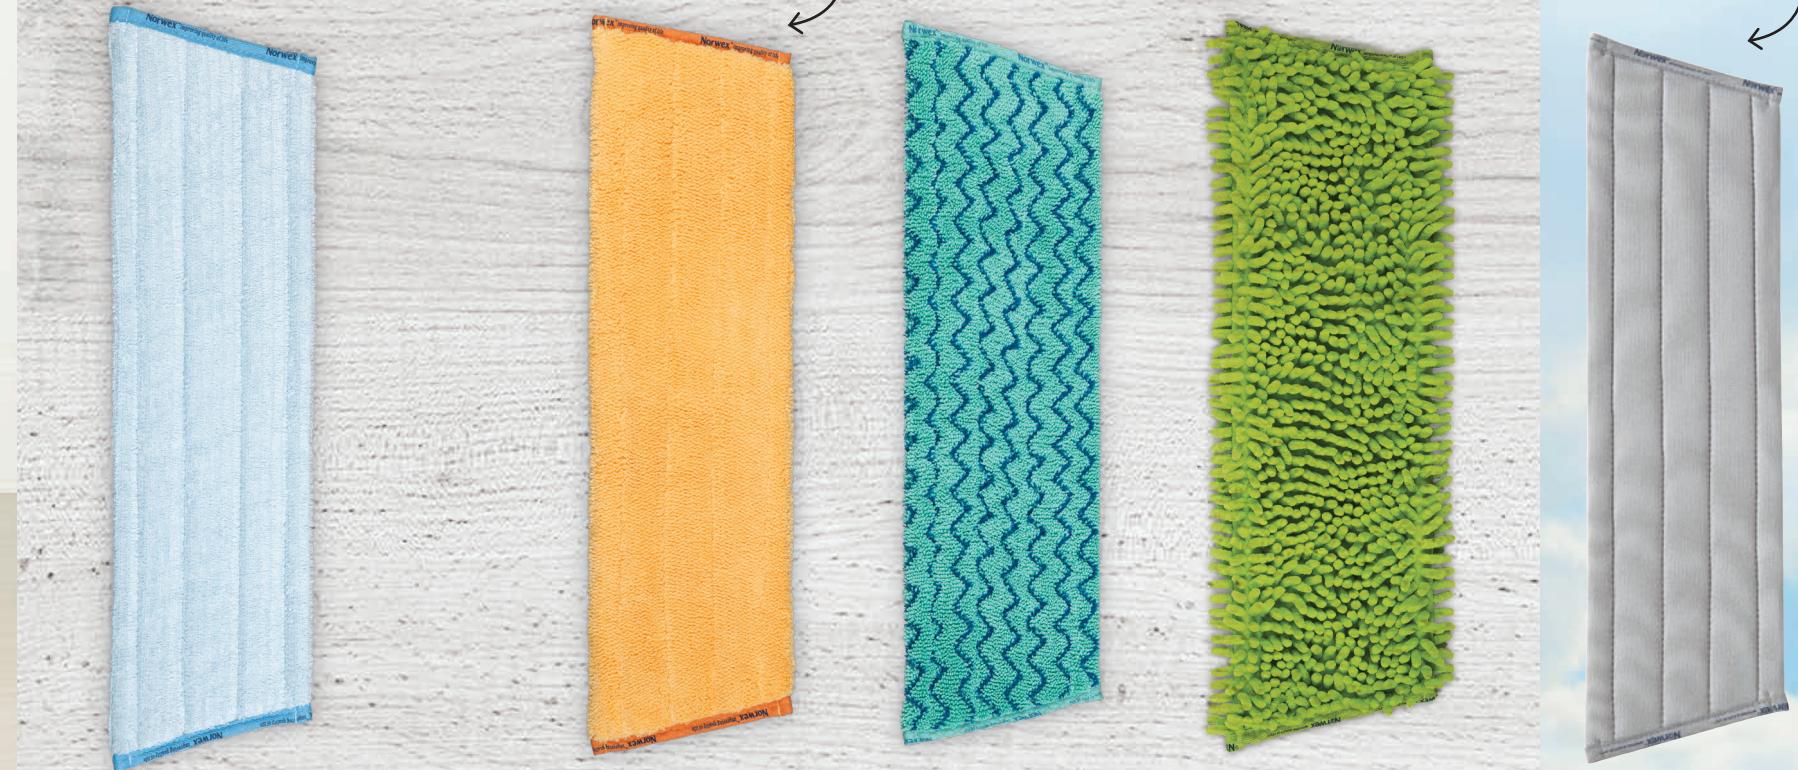

No bucket. No mess. No stress. No kidding.

Our Mop Systems take the hassle out of mopping. With Mop Pads for every surface, microfibre and water pick up everything you and yours can lay down. Your floors are clean, shiny and free from those sticky, waxy, harmful chemicals where children and pets play.

**MY NORWEX JOURNEY**

My Product Story: When it comes to my dishes my needs are simple. A product that cleans my champagne glasses beautifully but is tough enough to clean the pots and pans and is as safe for us and the environment as possible. Super Jet Dishwasher Detergent ticks all the boxes AND just a small measured scoop is all that's needed. Bonus!

What Norwex Means to Me: I am thankful every day I have been gifted the opportunity to change lives in such a positive way. Norwex is more than a company with great products. It has given me purpose, friendships, income, provided me with opportunities I would never have dreamed of,

educated me and helped me protect my family and the environment.

MY NORWEX JOURNEY

My Product Story: The Microfibre Cleaner Laundry Booster is the most perfect addition to the Norwex range. The Norwex cloths are fantastic at picking up and holding on to “stuff” so once in a while they need a deep cleanse and that is what the Microfibre Cleaner Laundry Booster does. It’s also great as a soaker for any laundry – like another well-known product, without the nasties. I LOVE IT!

What Norwex Means to Me: I loved my job as an Oncology Nurse, but after 30 years I needed a change – my body, my soul and my family needed it. I love doing Norwex for so many reasons – but mainly for helping people to understand the importance of reducing chemicals in their lives, I love when the “light comes on”, when they decide on the Norwex Way of Living.

Clean Pillow Sweet Dreams

Put your fresh face forward each morning on Pillowcases with BacLock®!*

Having a clean pillow shouldn't be a nightmare. Our BacLock® antibacterial agent helps keep pillowcases fresher, longer—and makes getting a good night's sleep a dream.

Rest easy on Norwex Microfibre Pillowcases. Incredibly soft, beautifully designed and more durable than cotton, they're engineered with some of the most advanced antimicrobial technology in the world. BacLock®, with its self-cleansing properties, keeps these pillowcases fresher longer. Great for acne-prone skin! You'll love the ultra-smooth microfibre, and the perfectly neutral cloud colour works well with every décor. Best of all, these pillowcases are so luxurious, you'll forget how functional they actually are!

MY NORWEX JOURNEY

My Product Story: As the mum of 3 active boys, the need to reduce harmful chemicals in the home was necessary, but so too was the need to remove unpleasant smells. The Odour Eliminator is used diluted & it replaced the need for multiple commercial products. I use it in lieu of fabric softener, toilet spray, in changing rooms, the bin cupboard & even on the drapes to help remove the smell of an outdoor campfire. It's economical and very effective.

What Norwex Means to Me: Norwex is a company that truly puts people before profits. It has provided me with an unexpected opportunity to join & share with others; ways to improve on their lives by making small conscious changes. Initially, I saw just how much it helped improve our family's life – now, I feel I have a genuine purpose to share that with others.

Ditch the wick.

Breathe easy with fresh scents.

Some candles, gels, aerosols and plug-in fresheners have one thing in common: harmful chemicals like formaldehyde and dioxins. They can wreak havoc on our health through headaches, eye and throat irritation.

Let this sink in:

Reducing harmful chemicals where we live goes beyond cleaning.

We often unknowingly put toxins on and into our bodies, through the personal care products we use every day.

These toxins can build up over time, causing Body Burden and affecting our health.

Did you know that the average woman uses 12 personal care products every day, with 168 unique ingredients?

Or that certain chemicals from personal care products can disrupt our hormone system, leading to weight gain, diabetes, fertility issues and more? When it comes to body care, you have a choice.

Don't choose products that coat your skin and hair in chemicals, adding to Body Burden.

Choose Lysere by Norwex.

Our Body Cloths are so super-soft and absorbent, you'll wonder why you ever used anything else! See page 35 for full details.

MY NORWEX JOURNEY

My Product Story: Norwex has created an amazing body and personal care range that is extensive and easy to travel with. My personal favourites are the Body Pack, Bath Towel and Lysere Illuminating Oil. I honestly can't imagine my life without these amazing products. I've tried many products over the years and these actually work and give me great results!

What Norwex Means to Me: Norwex entered our life during a very difficult time, when our financial situation had changed. I had the opportunity to join Norwex, which led me to growing my own business. Norwex has not only relieved me and my family of the financial hardships we were facing but has allowed us to pay every bill on time and given us the opportunity to travel the world. All this while I keep my family healthy in a harmful chemical free home!

Does your deodorant contain triclosan?

Triclosan helps prevent bacterial contamination and kills bacteria on the skin's surface, which is why you'll find it in some typical deodorants and antiperspirants. But studies have linked this chemical to impaired thyroid function in animals and antibiotic resistance in humans.

Size: 70 cm x 50 cm 306001 green \$39.00

Cleans, dries and polishes, all at the same time!

Sport Towel BacLock®

Our Sport Towel is a must-have for workouts! Highly absorbent and very quick-drying suede microfibre folds down small and fits in its own pouch for easy carrying. Great for travel and camping, too. Hang to dry.

Size: 99 cm x 50 cm 306002 graphite \$49.50

Pet Towel BacLock®

The ultra-absorbent Pet Towel makes bath time a breeze! Simply slip your hands into the towel's convenient built-in hand pockets to gently yet securely hold and dry your pets after washing them. Dries quickly and contains our self-purifying BacLock® agent.

Size: 60 cm x 100 cm 309301 graphite \$51.50

Pet Mitt BacLock®

Bath time is more convenient and enjoyable with our super-soft microfiber Pet Mitt. Used wet, it gently lifts dirt up into the extra-absorbent microfibres. Used dry, it removes loose hairs. Great for wiping and drying muddy paws at the door. Stitching between fingers provides extra control.

Size: 22 cm x 30 cm 309302 graphite \$29.50

NEW Use Sportzyme for freshness power!

Sportzyme contains an enzyme blend that removes the source of sports odours.

MY NORWEX JOURNEY

Safe Haven 5 Set: The 5 amazing products in our Safe Haven 5 Set are the "must have" products for safe, time saving solutions for every home. These products will clean, dust and polish your household in a healthy way, while working the first time and leaving you wanting more. I love these essentials.

What Norwex Means to Me: I fell in love with the incredible 'Kitchen Cloth', and became a Consultant to add a little extra income to our family and take the pressure off my husband. Norwex has given me so much more than just an income, including confidence, joy, beautiful friendships and unforgettable holidays. The best things is the freedom to work my business around my family and also support others to do the same.

What do you want to Norwex next?

Continue your Norwex Journey and sleep. **These four sets**

to further reduce harmful chemicals on your body and where you breathe, eat are designed with you and your family's health top of mind.

BREATHE

NEW Breathe Clean Set

Every day, we inhale harmful chemicals inside our homes from indoor air pollution and dust, as well as from chemical cleaners, fabric softeners and dryer sheets. Breathe cleaner with Norwex!

1 each of: EnviroWand™ with Two-Sided Sleeve, Oven and Grill Cleaner, Spirinett, Bathroom Cleaner, Bathroom Scrub Mitt, graphite

617 Retail price: \$142.50 **\$114.00**

Stop chemicals in their tracks and breathe even easier with the Entry Mat (available on page 11).

EAT

NEW Eat Clean Set

Harmful chemicals sprayed onto produce and left behind by dish-cleaning products can build up in our bodies, and single-use paper towels create waste. That's why Norwex offers planet-friendly alternatives to help you combat chemicals where you eat.

1 each of: Dish Cloths, graphite (pack of 2), Dishwashing Liquid, Counter Cloths, slate, vanilla, mushroom, Reusable Produce Bags, Fresh Produce Wash

618 Retail price: \$123.50 **\$98.50**

Reduce plastic in your kitchen with our Cutting Boards (available on page 18).

BODY

NEW Body Clean Set

Chemicals from personal care products can disrupt our hormone system, leading to weight gain, diabetes, fertility issues and more. The average woman uses 12 of these items daily, with 168 unique ingredients. Choose our Body Clean Set to help reduce harmful chemicals on your skin and hair.

1 each of: Bath Towel, graphite, Body Pack, graphite, Body Scrub Mitt, Crystal Deodorant, Peppermint Foaming Hand Wash

619 Retail price: \$152.50 **\$122.00**

Clean hair with no harmful chemicals with the Lysere Daily Hair Shampoo & Conditioner (available on page 30).

SLEEP

NEW Sleep Clean Set

While our bodies naturally detox as we sleep, cotton sheets can harbour pesticides, dust and other allergens, and nighttime routines may be adding even more chemicals to our bodies. Our Sleep Clean Set helps you rest easy.

1 each of: Pillowcases (set of 2), Mattress Cleaner, Exfoliating Facial Mitt, Makeup Removal Cloths, Timeless Relaxation Rescue Gel

620 Retail price: \$167.00 **\$133.50**

Take luxury to the next level with Lysere Illuminating Oil (available on page 33).

MY NORWEX JOURNEY

Why I Share Norwex: As an experienced party planner, I was shocked not only at the incredible generosity of Norwex, I was also impressed with their Mission and Core Values of Integrity, Trust and Respect. The opportunity to make a difference in the lives of others with something as basic as our cleaning needs - to save time, health, the environment and money.

What I Love Most: My passion for recruiting is not so much for my own sake, but more to support new Team members in their development and the opportunity to help them to make an income, grow, belong and be part of a Team.
