The Norwegian Experience
2021 AUSTRALIA

*cleaner homes,
safer havens*

I hope you see things that you never see before. I hope you feel things that you never feel before. I hope you meet people with a different point of view. I hope you live a life you can't wait to tell about. I hope you find you are not alone. I hope you have the courage to start all over again.

THE NORWEGIAN EXPERIENCE

Norway is one of the most environmentally friendly countries in the world, known for its forests, fjords and fresh air. That's why we're so proud of our Norwegian roots.

Founded in Norway over 27 years ago, Norwex® is transforming homes into Safe Havens through our effective, safe and sustainable cleaning and personal care products that reduce the use of harmful chemicals.

Our unique products empower you to stop using household cleaners and body products laden with harmful chemicals, and they help you to eliminate single-use waste that threatens our environment.

Today there are millions of Norwex® fans as passionate about our products as we are—real people committed to being a force for good. We'd love for you to join our Mission and help create a brighter future around the world. Connect with a Consultant today or visit norwex.com.au

WE'RE SERIOUS ABOUT SUSTAINABILITY

Did you know? An estimated 8 million tons of discarded plastic flows into the world's oceans every year. The OceanBound label on some of our 355 ml bottles lets you know they're made of plastic waste that was at risk of entering the world's oceans.

your home is your safe haven

Our beautiful products are designed with one goal in mind—to keep homes, families and our planet safer.

RADICALLY REDUCING CHEMICALS

Very few of the world's 85,000-plus chemicals have been tested for their impact on human health. Over 200 chemicals have been found in the cord blood of newborns, and typical adults have more than 700 man-made chemicals in their bodies. Norwex® offers proven cleaning and personal care solutions to keep harmful chemicals out of your home.

REVOLUTIONARY MICROFIBRE AND WATER

Learn about our superior-quality cloths, pages 6 – 7.

NATURAL, POWER-BOOSTING CLEANERS

To power up your microfibre, Norwex® formulates cleaners with natural plant and enzyme-based ingredients. Enzymes are a favourite solution. Biodegradable and milder than harsh surfactants, they work to break down soils and stains naturally and wash them away with less environmental impact.

PRODUCT EXCELLENCE

Our in-house Product Safety and Regulatory Team is trained in toxicology. They review every ingredient that goes into our formulas. We own our Research and Development and manufacturing facilities, so we oversee every step of the process, helping ensure our products are effective and safe.

DEDICATION TO SUSTAINABILITY

Norwex® creates quality products that help save the earth and your budget by reducing plastic and single-use disposables like paper towels, wipes, dryer sheets and more. Many of our microfibre products contain recycled microfibre yarn. And we're packaging more Household products in OceanBound Plastic, helping to reclaim plastic headed for the sea.

setting the standard for microfibre performance

MECHANICAL VERSUS CHEMICAL CLEANING

Instead of relying on chemicals, Norwex® harnesses the physical power of our microfibre and water alone to easily and thoroughly clean any surface. You get an immaculate clean while radically reducing your use of harmful chemicals that can affect your family's health.

OUR EXCLUSIVE BACLOCK® SELF-PURIFIES

Look for the logo. **BacLock**®. Norwex Microfibre products containing BacLock®** self-purify within 24 hours when wet! The BacLock® micro silver antibacterial agent embedded in the cloth self-cleanses it—drastically reducing mould, fungi and bacterial odour—so the cloth is ready to use again and again, allowing you to launder it less often. Between washes, simply rinse thoroughly and hang to dry.

HELPS THE EARTH AND YOUR BUDGET

Norwex Microfibre enables you to eliminate not only harmful, chemical-laden cleansers, but all those single-use disposables like paper towels, floor pads and wipes. That's great for the earth and can save you about \$600 a year. And look for this symbol **RECYCLED** denoting microfibre products made from 50% – 91% recycled microfibre yarn.

CUTS YOUR CLEANING TIME IN HALF

No more lugging around buckets or switching from cleanser to cleanser for every project. Our microfibre is as easy and efficient as it is effective.

STANDARD 100 BY OEKO-TEX®

We've recently partnered with OEKO-TEX® to begin certifying that our microfibre products are free from harmful substances. OEKO-TEX® is one

of the most important and recognised independent third-party testing facilities for excellence in textile product quality. When you see OEKO-TEX® you can be sure that every component—from yarn and dyes to trim and label—has been STANDARD 100 by OEKO-TEX® certified free from harmful substances.

All Norwex Microfibre products carry a two-year warranty. For details please visit: norwex.com/product-guarantee.

* When following proper care and use instructions, page 69.

** **BacLock**®. This graphic is noted throughout the catalogue to differentiate those products that contain BacLock®, an antibacterial agent for self-cleansing purposes only. The agent is solely designed to inhibit bacterial odour, mould and mildew growth within the product.

IMPORTANT NOTE: Some surfaces and finishes can be easily damaged. Please always test Norwex Microfibre on an inconspicuous spot first. Do not use microfibre (except Norwex Optic Scarf and Tech Cleaning Cloth) on anti-glare surfaces.

Removes up to 99% of bacteria from surfaces—using only water.*

When wet, BacLock®**, our antibacterial agent in the cloth, self-purifies it, keeping it fresher longer.

Creates an electrostatic charge that picks up and holds everything when used dry to dust.

A mere 1/200th the thickness of a human hair, our microfibre is a superior blend of extra-dense, super-fine fibres for superior absorption and effectiveness.

Absorbs up to 7 times its weight in water.

Our EnviroCloth™ is made with fibre that has a maximum length of more than 3 000 kms for more effective cleaning power!

Loosens and lifts the smallest, most stubborn dirt, grease and debris when used wet—no harmful chemicals required.

Using the EnviroCloth™ and water can eliminate 53 chemicals that may be in your home.**

the fab five

Our Safe Haven 5 Set has three of our top-selling microfibre cloths, Cleaning Paste and Ultra Power Plus™ Laundry Detergent. Together they reduce over 80 chemicals in your home.*

WHY WINDOW CLOTH

Get a streak-free sparkle on your home's smooth surfaces. There's simply no need for the harmful chemicals of glass cleaners, or expensive, wasteful paper towels. *Sold on page 9, or save with the Safe Haven 5 Set!*

WHY ENVIROCLOTH™

Our super-dense EnviroCloth™ cleans mechanically, picking up the smallest particles on its own, so you won't need any harmful chemicals. It removes dirt, grime and up to 99% of bacteria from surfaces with water alone,* and then our BacLock® agent goes to work within the cloth to self-purify it within 24 hours.

*When following proper care and use instructions. *Sold on page 8, or save with the Safe Haven 5 Set!*

WHY DUSTING MITT

Dust can contain up to 45 chemicals, including phthalates and flame retardants, and stir up allergies and asthma. Unlike waxy cleaners that leave a residue which attracts more dust, or regular cloths that just sweep dust into the air, our Dusting Mitt grabs dust and won't let go.

Sold on page 21, or save with the Safe Haven 5 Set!

WHY ULTRA POWER PLUS™ LAUNDRY DETERGENT

People appreciate being able to measure the exact amount of detergent they need every time. You'll enjoy whiter whites and brighter brights—and fewer chemicals on your laundry and linens.

my Norwex® journey

My product story: I used to turn my head away as I opened the dishwasher door, knowing that an overwhelming chemical smell was about to hit me. Yuck! On the first use of Norwex's Ultrazyme™ Dishwasher Powder and Rinse Aid, the first thing that I noticed was no chemical smell!!! To know that a product our family uses twice a day works extremely well, but also that our dishes aren't coated in toxic chemicals, is a HUGE WIN for me!

What Norwex means to me: To be honest, I was not overly keen to attend my first Norwex party. A "cleaning party" did not sound like much fun to me. However, I left that party wanting everything in the catalogue, and decided to join 6 months later. I love being able to work around my family, attend every sporting event, every school performance and I am home during school holidays, all while paying the bills, and making an impact on people's health and the environment.

Reduce waste by replacing wrap and aluminium foil!

my Norwex® journey

My Product Story: I'm a huge fan of sustainable solutions in my home that keep single use plastics out of our environment, and chemicals out of my food! These versatile Silicone Lids come in a variety of sizes and are suitable for so many containers and casserole dishes! Safe for the oven, microwave and dishwasher, as well as fridge and freezer, these make reducing single use plastic waste and aluminium foil easy.

What Norwex Means to Me: Initially Norwex was an opportunity for me to continue spreading awareness about our environment's health while being a stay at home mum. My most favourite thing about the range is how effective the products are, which means not only are the products a sustainable option, they are also an easier, healthier option for busy people who want the best for their families and future generations.

my Norwex® journey

My Product Story: The Body Balm is a daily necessity for me! It's so good to have a balm that I use year-round for all seasons. Melbourne is famous for its moody weather, which can be a nightmare for my skin. The Body Balm hydrates and softens during the dry winter months, and keeps my naturally oily skin smooth in summer. The Body Balm is a lifesaver if you're experiencing sunburn! After applying, my sunburn was gone the next day! If you try it once, you'll fall in love forever!

What Norwex Means to Me: I began my Norwex journey just over four years ago. I really enjoyed using Norwex's products, but felt that my English skills were a barrier to joining the Team. I joined the

Norwex family, after my friends convinced me, to take advantage of the Consultant discount. After the first week I hosted a party and have been growing ever since! I've found an opportunity to increase my income, make new friendships, and grow my interpersonal and networking skills. I believe in the Norwex Mission and look forward to my future with Norwex.

a billion reasons to smile

Oral health is important to your well being. Your mouth is home to billions of bacteria, some helpful, some not. Our Lyseré[®] toothpaste with probiotics and mouthwash with antioxidants help nourish and balance the good bacteria to help keep the bad bacteria at bay. Smiling now?

Toothbrush refills help reduce plastic waste!

Lyseré[®] Advanced Antioxidant Mouthwash

Our mouthwash with Nordic Lingonberry promotes healthy gums and teeth as it guards against dry mouth—all while freshening your breath! This alcohol-free formula contains super-antioxidants Nordic Lingonberry and Vitamin C to help neutralise free radicals, while ultra-concentrated Aloe extract helps relieve dry mouth, and Essential Oils of Spearmint and Peppermint provide naturally minty-fresh breath.

Size: 473 ml 403815 Mint **\$26.50**

Lyseré[®] Probiotic Whitening Toothpaste

This triple-acting toothpaste deep cleans and whitens your teeth, freshens your breath and supports oral health. The probiotic *L. paracasei* and Xylitol help balance your oral microbiome, as activated White Binchotan Charcoal gently brightens teeth by removing unhealthy buildup and surface stains. Essential Oils of Peppermint and Cornmint naturally freshen breath. Recyclable tube is made from more than 80% sugarcane.

my Norwex® journey

My product story: These products are for everyone and every age. We love the Kids Pet to Dry. It has taught my little one the importance of washing and drying hands. We not only use these in the bathroom we also use them in the kitchen, the problem is having to decide which one to hang where.

What Norwex means to me: I started Norwex as a way to earn a little bit of money for my family so that I didn't have to return to work. Being a Mum, it's important that I don't sacrifice the things that matter to me, such as being able to do school drop offs, pick ups and school activities. I also love how I can be there on school holidays too! Not only did I earn money, I quickly realised that the Norwex Mission was something I was proud to stand behind and represent. I love everything about the Company, their products and their community. I found my home with Norwex.

my Norwex® journey

My Product Story: These products are fantastic! I love these as they allow me to wash and maintain not just the outside, but also inside of my car with just water!! Such an important alternative to the heavily chemical loaded traditional car wash products on the market! The added bonus is, every time I wash my car I'm not washing harmful chemicals into our water ways and out to the ocean!

What Norwex Means to Me: Norwex allows me to keep my home beautiful and clean without compromising my family's or my health or that of the environment. As a Norwex Leader, Norwex allows me the flexibility to create my own work hours so I can be with my little boy as much as I wish. I get to be the creator of my own success and it's AMAZING AND SO REWARDING!!

how to care for your microfibre.

- Rinse slightly dirty microfibre cloths under warm, running water and hang to dry or drop into the dryer.
- Launder microfibre cloths separately or with other lint-free laundry. Dry completely.
- For best results, use a laundry detergent that’s free from fillers, like a Norwex laundry detergent.
- Do not use bleach. Do not use fabric softeners or dryer sheets when laundering microfibre; they coat the fibres and reduce their ability to clean effectively.
- For an even deeper clean, use Microfibre Cleaner Laundry Booster.

All Norwex Microfibre products carry a two-year warranty. Please visit www.norwex.com/product-guarantee for complete details.
