THE NORWEGIAN EXPERIENCE

Norway is one of the most environmentally friendly countries in the world, known for its forests, fjords and fresh air. That's why we're so proud of our Norwegian roots.

Founded in Norway over 27 years ago, Norwex® is transforming homes into Safe Havens. Effective, safe and sustainable, our products include microfibre, household and personal care items that reduce the use of harmful chemicals and help eliminate single-use waste that threatens our environment.

Our products and mission are inspired by Norway's beautiful, simpler and environmentally thoughtful way of living.

Today there are millions of Norwex fans around the world as passionate about our products as we are—real people committed to being a force for good. We'd love for you to join our Mission and help create safer havens, too. Connect with a Consultant today or visit norwex.com.au

27 years of products & innovations

Our products are designed with one goal in mind—to keep homes, families and our planet safer.

COMMITTED TO REDUCING CHEMICALS

Very few of the world's 85,000-plus chemicals have been tested for their impact on human health. Over 200 chemicals have been found in the cord blood of newborns, and typical adults have more than 700 man-made chemicals in their bodies. This can all add up to what's known as Body Burden. It's not good for you or your family, which is why Norwex® offers proven microfibre, household and personal care solutions to keep harmful chemicals out of your home and off your body.

DEDICATED TO SUSTAINABILITY

Norwex creates quality products that help save the earth and your budget by reducing plastic and single-use disposables like paper towels, wipes, dryer sheets and more. Plus, many of our microfibre products contain recycled microfibre yarn. And we're packaging more household products in OceanBound Plastic, helping to reclaim plastic headed for the sea.

a holistic approach to living better

We've got you covered from head to home with advanced microfibre, innovative household cleaners and transformative personal care products that are as safe as they are effective.

household

Harmful chemicals have no place in your cleaning routine. Get great results using our plant- and enzyme-powered, sustainable solutions, instead.

microfibre

From trapping the tiniest dust particles to wiping away stuck-on messes, our superior Norwex® Microfibre is the one cleaning essential every healthy home needs. Plus, it removes up to 99% of bacteria from a surface using only water, when following proper care and use instructions.

personal care

Healthier skin, hair and body start with ultra-clean formulas powered by natural, Nordic ingredients. And the healthier you are, the younger you look and feel.

Our technologically advanced microfibre has redefined what it means to be clean.

microfibre that makes a difference

Chemical-based cleaners can sanitise or disinfect, but they can also leave behind harmful chemical residue. Norwex® Microfibre can remove up to 99% of bacteria from a surface using only water, when following proper care and use instructions.

Thick, absorbent and super-durable, our microfibre handles everything your family can dish out. Used dry it catches the smallest dust particles to create a longer-lasting clean. Used wet it lifts and traps even stuck-on messes.

Using the EnviroCloth™ and water can eliminate 53 chemicals that may be in your home.*

microfibre & water alone

Let our powerful microfibre in beautiful colours give you a revolutionary clean—no harmful chemicals required.

setting the standard for microfibre performance

MECHANICAL VERSUS CHEMICAL CLEANING

Instead of relying on chemicals, Norwex® harnesses the physical power of our microfibre and water alone to easily and thoroughly clean any surface. You get an immaculate clean while radically reducing your use of harmful chemicals that can affect your family's health.

OUR EXCLUSIVE BACLOCK® SELF-PURIFIES

Look for the logo.  Norwex Microfibre products containing BacLock®** self-purify within 24 hours when wet! The BacLock® micro silver antibacterial agent embedded in the cloth self-cleanses it—drastically reducing mould, fungi and bacterial odour—so the cloth is ready to use again and again, allowing you to launder it less often. Between washes, simply rinse thoroughly and hang to dry.

SAVES TIME AND MONEY AND HELPS THE EARTH

With Norwex Microfibre, you can eliminate not only harmful, chemical-laden cleansers, but all those single-use disposables like paper towels, floor pads and wipes, too. That's great for the earth and can save you time as well as about \$600 a year. Look for this symbol  **RECYCLED** denoting microfibre products made from 50% – 91% recycled microfibre yarn. These products have saved more than 12 million bottles from the landfill. And with no more lugging around totes or switching from cleanser to cleanser for every project, you'll save even more time.

STANDARD 100 BY OEKO-TEX®

When you see OEKO-TEX® you can be sure that every component—from yarn and dyes to trim and label—has been STANDARD 100 by OEKO-TEX® certified free from harmful substances.

All Norwex Microfibre products carry a two-year warranty. For details please visit: norwex.com/product-guarantee.

* When following proper care and use instructions, page 73.

**  **BacLock**. This graphic is noted throughout the catalogue to differentiate those products that contain BacLock®, an antibacterial agent for self-cleansing purposes only. The agent is solely designed to inhibit bacterial odour, mould and mildew growth within the product.

IMPORTANT NOTE: Some surfaces and finishes can be easily damaged. Please always test Norwex Microfibre on an inconspicuous spot first. Do not use microfibre (except Norwex Optic Scarf and Tech Cleaning Cloth) on anti-glare surfaces.

Removes up to 99% of bacteria from surfaces—using only water.*

When wet, BacLock®**, our antibacterial agent in the cloth, self-purifies it, keeping it fresher longer.

Our EnviroCloth™ is made with fibre that has a maximum length of more than 3 000 kms for more effective cleaning power!

Loosens and lifts the smallest, most stubborn dirt, grease and debris when used wet—no harmful chemicals required.

Creates an electrostatic charge that picks up and holds everything when used dry to dust.

A mere 1/200th the thickness of a human hair, our microfibre is a superior blend of extra-dense, super-fine fibres for superior absorption and effectiveness.

Absorbs up to 7 times its weight in water.

the fab five

Our Safe Haven 5 Set has 3 of our top-selling microfibre cloths, Cleaning Paste and laundry detergent. Together they reduce over 80 chemicals in your home.*

why envirocloth™

Our super-dense EnviroCloth™ cleans mechanically, picking up the smallest particles on its own, so you won't need any harmful chemicals. It removes dirt, grime and up to 99% of bacteria from surfaces with water alone when following proper care and use instructions, and then our BacLock® agent goes to work within the cloth to self-purify it within 24 hours.

Sold on page 10, or save with the Safe Haven 5 Set!

why window cloth

Get a streak-free sparkle on your home's smooth surfaces. There's simply no need for the harmful chemicals of glass cleaners, or expensive, wasteful paper towels.

Sold on page 11, or save with the Safe Haven 5 Set!

why cleaning paste

Just a swipe of long-lasting Cleaning Paste is all you need! • Quickly cleans patio furniture, campers and boats • Removes burn marks from pots and pans • Erases permanent marker from tile, laminate and linoleum • Plus hundreds more uses!

Sold on page 10, or save with the Safe Haven 5 Set!

why dusting mitt

Dust can contain up to 45 chemicals, including phthalates and flame retardants, and stir up allergies and asthma. Unlike waxy cleaners that leave a residue which attracts more dust, or regular cloths that just sweep dust into the air, our Dusting Mitt grabs dust and won't let go.

Sold on page 25, or save with the Safe Haven 5 Set!

why ultra power plus™ laundry detergent

People appreciate being able to measure the exact amount of detergent they need every time. You'll enjoy whiter whites and brighter brights—and fewer chemicals on your laundry and linens.

a healthier way to clean

Keeping your home clean means more than just wiping up spills and putting away the laundry. It's making sure that the products you use to feed your family and clean your home are free from harmful chemicals and safer for the earth.

Norwex plant- and enzyme-powered household products are safe, effective and sustainable, allowing you to get the clean you expect without sacrificing your family's health.

safer solutions for your

Scummy shower? Grimy garage? Funky footwear? These powerful products help eliminate odours and clean just about every mess you can make—and they do it without harmful

toughest challenges

chemicals that can hurt you, your family and the environment.

what it does

Safely removes soap scum, heavy calcium, lime and rust deposits from shower doors, bathtubs, taps, drains and more. *Not for use on natural stone surfaces (or any cookware other than coffee pot carafes).*

how it works

USDA certified 86% biobased formula contains natural citric acids, so it's both highly effective and environmentally friendly.

Descaler
Size: 355 ml
600405 RRP **\$41.50**

what it does

Safely breaks down baked-on, burned-on food and stubborn, greasy spills on ovens, grills, pans and bakeware.

how it works

Powerful enzymes remove grunge and grime without the fumes of caustic chemicals. Won't leave residues or odours behind, so food tastes like it should.

Oven and Grill Cleaner
Size: 355 ml
600106 RRP **\$39.50**

what it does

Quickly breaks down and eliminates the toughest stains and neutralises odours. *Not for use on carpets treated with Scotchguard™ or other sealants.*

how it works

Natural enzymes and microbes are no match for dirt, stains or grease. They stop odours at the source—all without leaving a trace.

Carpet Stain Remover
Size: 355 ml
600101 RRP **\$39.50**

what it does

Breaks down and eliminates organic, odour-causing residues on shoes, equipment bags, cleats, shoulder pads, helmets, knee pads, workout gear and more.

how it works

Fast-acting enzymes and biodegradable ingredients target and remove odour sources naturally; no harmful chemicals or aerosol propellants.

Sportzyme
Size: 244 ml
600107 RRP **\$33.50**

what it does

Helps remove strong, organic odours like mildew, smoke and urine from bathrooms, kitchens, garbage cans, lockers, carpet and laundry, leaving a fresher, cleaner scent.

how it works

Rather than mask odours, enzymes break down and remove odours at their source. Phthalate-free, biodegradable ingredients; no aerosol propellants.

Odour Eliminator Concentrate
Size: 355 ml 600120
Crisp Linen RRP **\$33.50**

what it does

Quickly disintegrates and removes greasy, grimy smudges and stains in the kitchen, garage, workshop and more. *Not for use on porous or unsealed surfaces. Test on an inconspicuous area first.*

my Norwex® journey

My product story: I like a tidy sink and the Porcelain Sink Organiser makes that possible. It adds a touch of elegance in the bathroom and in the kitchen. There are no limits to how you set your sink organiser up. The possibilities are endless. You can mix and match depending on what your needs are at your sink.

What Norwex means to me: I joined Norwex almost 5 years ago when we found out our second child had asthma. Norwex takes away all the guess work. I love being able to reduce our in-home air pollution with the safe and sustainable products Norwex offers. Norwex has given me a platform to educate myself, my children, my friends and family and everyone I meet on this fantastic journey.

my Norwex® journey

My product story: I am a huge fan of low tox, sustainable solutions for my home that reduce single use plastics and keep chemicals out of my food.

What Norwex means to me: 6 years ago I fell in love with the incredible 'Kitchen Cloth' and became an Independent Consultant a few months later to add extra income to our family and take some me time. Since then, Norwex has given me so much more than I imagined possible including self confidence, purpose, joy, beautiful friendships and an amazing Team.

The best thing about Norwex is the opportunity to share with others how small conscious choices can really bring lasting change. I love seeing the 'Joy' that Norwex brings to others.

Bek Sutherland, Senior Executive Sales Leader, VIC , Creating Safe Havens for 6 years

lighten your load

Norwex laundry products are free from dangerous toxins that could be ammonia, optical brighteners, chlorine, dyes and fillers. They're sup

harming your family, like phosphates, phthalates, synthetic fragrances, er-concentrated so you use less (and there's less packaging waste).

what it does

With just a few pre-measured pumps this 97% biobased formula cleans all types of fabrics* and works in all temperatures to reduce every kind of odour and organic stain. Over ten times more concentrated than most leading brands, it effectively cleans up to 215 high-efficiency and 107 conventional loads.

how it works

Derived from plants and other renewable resources, Liquid Laundry Detergent harnesses the power of enzymes to target and break down starches, fats and proteins.

what it does

This highly concentrated, superior stain-fighting powder dissolves grease and grime to get your laundry super-clean in all water temperatures. Quick-dissolving and safe for all fabrics* including handwashables and Norwex® Microfibre, it effectively cleans up to 100 high-efficiency and 66 conventional loads.

how it works

Biodegradable surfactants target your toughest stains without harmful chemicals like phosphates, chlorine or bleach or fillers that can clog pipes. Plant- and mineral-based ingredients provide a safer clean for your family and the environment.

what it does

Provides extra help when and where you need it to eliminate tough laundry stains and odours like grass, urine, blood, grease, grime, sweat and more, even in hard water. Restores dingy clothing and keeps fabrics looking new longer.

how it works

Just one scoop of the powerful enzymes in this 53% biobased formula removes mineral deposits, sediment and other residue without harmful chemicals from bleach, ammonia or synthetic fragrances.

what it does

Works in all water temperatures to penetrate and dissolve stains like coffee, tea, juice, grass, makeup, lipstick, mascara, wine, eggs, cherries, berries, mustard, blood, grease and more. Gentle on delicate fabrics.**

how it works

Biodegradable with powerful, plant-based surfactants to quickly eliminate tough stains.

what it does

Helps cut drying time and reduce static and wrinkles by creating space between your clothes, allowing air to better circulate among them in the dryer. 2-year warranty

how it works

100% New Zealand wool dryer balls soften fabric naturally, helping to reduce static and wrinkles and cut drying time—all without toxins. Can be used with essential oils to naturally scent your laundry.

what it does

Slips onto your hand to quickly whisk away lint, dust and pet hair from clothing and other textiles. Sized right for travel, without all the waste of sticky sheets and plastic handles.

how it works

Bristly polyester latches onto clingy debris and won't let go. The mitt is double-sided and works used in either direction with straight strokes going against the grain of the mitt. Use caution on delicate or embroidered clothing.

my Norwex® journey

My product story: The Naturally Timeless Set is a true hero of the Norwex range! I had tried many skincare ranges that promised to nourish, protect and moisturise my face but they often felt heavy and left my skin feeling greasy or irritated. I love that the creams are packaged in glass and they are so long-lasting, making them great value too.

What Norwex means to me: When I attended my first Norwex party I had no idea of the incredible journey I was about to embark on. Now I can't even imagine not having such safe, effective products in my home. Norwex has empowered me personally and has given me incredible opportunities to transform homes and lives while providing our family with a flexible income stream.

my Norwex journey

My product story: With three kids under 8, making sure they learn good hand hygiene is so important. The Norwex Foaming Hand Wash means I can rest easy knowing that we are all washing our hands with a low tox, safe product. The Norwex Forever Bottle with Foaming Hand Wash Dispensers are the perfect partner – adding functional, sustainable elegance at every sink and ditching the plastic!

What Norwex means to me: Norwex is all about creating a better future. I love how my actions in creating a healthier, low tox and more sustainable home will lead to a better future for my children and their children. This is why I love Norwex. It's not just about cleaning – it's about the bigger picture, how our little footprint impacts upon the whole world.

Kate Lamont, Executive Sales Leader, VIC, Creating Safe Havens for 4 years

who said getting clean can't be fun?

Bath time can be challenging, but our extra-bubbly 4-in-1 Kids Wash and bold, bright towels and sponges will have them actually *wanting* to get clean!

why 4-in-1 kids wash

Clean ingredients make it safer for them. Body wash, bubble bath, shampoo and conditioner in one makes bath time a breeze for you.

BacLock® offers continuous protection against microbes and odours within the cloth.

new Pet with a Purpose BacLock®

how to care for your microfibre

- Machine washing and drying are recommended prior to initial use. Rinse slightly dirty microfibre cloths under warm, running water and hang to dry* or drop into the dryer.
- Do not use bleach. Do not use fabric softeners or dryer sheets when laundering microfibre; they coat the fibres and reduce their ability to clean effectively.
- Launder microfibre cloths separately or with other lint-free laundry. Dry completely.
- For an even deeper clean, use Microfibre Cleaner Laundry Booster.
- For best results, use a laundry detergent that's free from fillers, like a Norwex laundry detergent.
- Do not use microfibre (except Optic Scarf and Tech Cleaning Cloth) on anti-glare surfaces.

*When air drying, always hang to dry, as leaving darker colours of damp microfibre on benchtops may stain the surface.

All Norwex Microfibre products carry a two-year warranty. Please visit www.norwex.com/product-guarantee for complete details.

love Norwex? tell your friends!

Hosting a Norwex® party online, at home, wherever you like is a fast, fun and easy way to help friends and family create healthier homes as you earn FREE Norwex products!

"I have hosted my 4th Norwex party with Zelia and I just love it everytime. She presents the Norwex products with such confidence and you can see she believes in the products she is presenting! I would encourage anyone to host a Norwex party to get familiar with these amazing products that help reduce the amount of chemicals we use in our homes!"

"I have had several Norwex parties with Sandra as the Consultant, she is passionate and has excellent knowledge on the products. It's a great excuse to get family and friends together and learn about how to drastically reduce chemicals in our home. We always have lots of fun and laughs, plus the Host Rewards are always incredible. Always a great party!"

"I've hosted face-to-face and online Norwex parties with Bec and all have been amazing. Bec makes either process easy and always engages each and every guest by listening to each person and then sharing her knowledge of the products. Her love and passion for Norwex shines in her description of how the products are better for the environment whilst making our 'cleaning process' easy and efficient. Bec's enthusiasm for Norwex has been passed on to many of my family and friends."

"10 years ago I reluctantly went to a party, and my life changed forever! I really loved the idea of having my own fun and flexible little business. I started small and haven't looked back! This journey has been a wonderful blessing to us as we can put family first whilst earning the income we need. I have made very special friends, earned wonderful experiences and trips, and I have so much flexibility and freedom in my work."

"After attending a Norwex party and falling in love with the products, then hosting my own and seeing my friends fall in love with them, I decided to join Norwex to see if I could earn enough to alleviate the financial pressure and stress we were experiencing. We have had experiences and opportunities far beyond what we could have imagined, thanks to Norwex! I love being my own boss, being in control of what I do and when I do it. I am so glad I decided to give Norwex a go!"
