Loads of innovative options for a safer home and a healthier planet.

THE NORWEGIAN EXPERIENCE

At Norwex® we're proud of our rich, environmentally friendly Norwegian roots. Founded in Norway more than 28 years ago, we've been transforming homes all over the world into Safe Havens ever since.

Our effective, sustainable products include microfibre, household and personal care items that help eliminate the use of harmful chemicals in our homes and on our bodies.

They also reduce the chemicals and single-use waste that threaten our environment.

Today, our products and Mission have inspired millions of Norwex fans around the world—real people committed to being a force for good. We'd love for you to join our Mission and help create safer havens, too.

COMMITTED TO REDUCING CHEMICALS

Very few of the world's 85,000+ chemicals have been tested for their impact on human health. Over 200 chemicals have been found in the cord blood of newborns, and typical adults have more than 700 man-made chemicals in their bodies. This can all add up to what's known as Body Burden. It's not good for you or your family, which is why Norwex offers proven microfibre, household and personal care solutions to keep harmful chemicals out of your home and off your body.

DEDICATED TO SUSTAINABILITY

Norwex creates quality products that help save the earth and your budget by reducing plastic and single-use disposables like paper towels, wipes, dryer sheets and more. Plus, many of our microfibre products contain recycled microfibre yarn. And we're packaging more household products in OceanBound Plastic, helping to reclaim plastic headed for the sea.

live cleaner, feel better

Our advanced microfibre, innovative household cleaners and transformative personal care products are as safe as they are effective.

Harmful chemicals have no place in your cleaning routine. Get great results using our plant- and enzyme-powered, sustainable solutions, instead.

1 microfibre

From trapping the tiniest dust particles to wiping away stuck-on messes, our superior Norwex® Microfibre is the one cleaning essential every healthy home needs. Plus, it removes up to 99% of bacteria from a surface using only water, when following proper care and use instructions.

2 personal care

Healthier skin, hair and body start with ultra-clean formulas powered by natural, Nordic ingredients. And the healthier you are, the younger you look and feel.

setting the standard for microfibre performance

MECHANICAL VERSUS CHEMICAL CLEANING

Instead of relying on chemicals, Norwex® harnesses the physical power of our microfibre and water alone to easily and thoroughly clean any surface. You get an immaculate clean while radically reducing your use of harmful chemicals that can affect your family's health.

OUR EXCLUSIVE BACLOCK® SELF-PURIFIES

Look for the logo. **BacLock®** Norwex Microfibre products containing BacLock® self-purify within 24 hours when wet!** This micro silver antibacterial agent embedded in the cloth self-cleanses it—drastically reducing mould, fungi and bacterial odour—so the cloth is ready to use again and again, and it needs laundering less often. Between washes, simply rinse thoroughly and hang to dry.

SAVE TIME AND MONEY AND HELP THE EARTH

With Norwex Microfibre, you can eliminate harmful, chemical-laden cleaners plus all those single-use disposables like paper towels, floor pads and wipes. That's great for the environment and your budget, saving you about \$600 a year. Look for this symbol **RECYCLED** denoting products made from 50%–91% recycled microfibre yarn. They've saved millions of bottles from the landfill. And with no more lugging around totes or switching cleaners for every project, you'll save a lot of time, too.

STANDARD 100 BY OEKO-TEX®

When you see OEKO-TEX® you can be sure that every component—from yarn and dyes to trim and label—has been certified free from harmful substances.

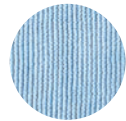

All Norwex Microfibre products carry a two-year warranty. For details please visit: norwex.com/product-guarantee.

* When following proper care and use instructions, page 67.

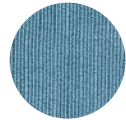

** **BacLock®** This graphic is noted throughout the catalogue to differentiate those products that contain BacLock®, an antibacterial agent for self-cleansing purposes only. The agent is solely designed to inhibit bacterial odour, mould and mildew growth within the product. **IMPORTANT NOTE:** Some surfaces and finishes can be easily damaged. Please always test Norwex Microfibre on an inconspicuous spot first. Do not use microfibre (except Norwex Optic Scarf and Tech Cleaning Cloth) on anti-glare surfaces.

safer solutions for a healthier home

Eliminate odours and clean just about anything—without resorting to products that could harm your family or the environment.

what it does

Safely removes soap scum, heavy calcium, lime and rust deposits from shower doors, bathtubs, taps, drains and more. *Not for use on natural stone surfaces (or any cookware other than coffee pot carafes).*

how it works

USDA certified 86% biobased formula contains natural citric acids, so it's both highly effective and environmentally friendly.

Descaler
355 ml
600405 RRP **\$41.50**

what it does

Safely breaks down baked-on, burned-on food and stubborn, greasy spills on ovens, grills, pans and bakeware.

how it works

Powerful enzymes remove grunge and grime without the fumes of caustic chemicals. Won't leave residues or odours behind, so food tastes like it should.

Oven and Grill Cleaner
355 ml
600106 RRP **\$41.50**

what it does

Quickly breaks down and eliminates the toughest stains and neutralises odours. *Not for use on carpets treated with Scotchguard™ or other sealants.*

how it works

Natural enzymes and microbes are no match for dirt, stains or grease. They stop odours at the source—all without leaving a trace.

Carpet Stain Remover
355 ml
600101 RRP **\$41.50**

what it does

Breaks down and eliminates organic, odour-causing residues on shoes, equipment bags, shinpads, helmets, knee pads, workout gear and more.

how it works

Fast-acting enzymes and biodegradable ingredients target and remove odour sources naturally; no harmful chemicals or aerosol propellants.

Sportzyme
244 ml
600107 RRP **\$34.00**

what it does

Helps remove strong, organic odours like mildew, smoke and urine from bathrooms, kitchens, rubbish bins, lockers, carpet and laundry, leaving a fresher, cleaner scent.

how it works

Rather than mask odours, enzymes break down and remove odours at their source. Phthalate-free, biodegradable ingredients; no aerosol propellants.

Odour Eliminator Concentrate

how “clean” is your laundry?

Norwex® laundry products are free from dangerous toxins that could be ammonia, optical brighteners, chlorine, dyes and fillers. They're super-

harming your family, like phosphates, phthalates, synthetic fragrances, concentrated so you use less (and there's less packaging waste).

what it does

With just a few pre-measured pumps this 97% biobased formula cleans all types of fabrics* and works in all temperatures to reduce every kind of odour and organic stain. Over ten times more concentrated than most leading brands, it effectively cleans up to 215 high-efficiency and 107 conventional loads.

how it works

Derived from plants and other renewable resources, Liquid Laundry Detergent harnesses the power of enzymes to target and break down starches, fats and proteins.

what it does

This highly concentrated, superior stain-fighting powder dissolves grease and grime to get your laundry super-clean in all water temperatures. Quick-dissolving and safe for all fabrics* including handwashables and Norwex Microfibre, it effectively cleans up to 100 high-efficiency and 66 conventional loads.

how it works

Biodegradable surfactants target your toughest stains without harmful chemicals like phosphates, chlorine, bleach or fillers that can clog pipes. Plant- and mineral-based ingredients provide a safer clean for your family and the environment.

what it does

USDA certified 60% biobased strips dissolve to eliminate tough stains, odours and grime, getting your laundry super-clean and fresh. Lightweight, free from plastic packaging and easily transportable, they're great for home, holidays and the planet.

how it works

Plant-based power boosters reduce stains from dairy, oils, chocolate, coffee, tea, grease, makeup, blood, grass and more. Free from harmful ingredients, readily biodegradable and packaged in environmentally friendly cardboard.

WANT TO SAVE MONEY?
Join AutoShip & Save and receive a 10% discount on all recurring orders.

what it does

Provides extra help when and where you need it to eliminate tough laundry stains and odours like grass, urine, blood, grease, grime, sweat and more, even in hard water. Restores dingy clothing and keeps fabrics looking new longer.*

how it works

Just one scoop of the powerful enzymes in this 53% biobased formula removes mineral deposits, sediment and other residue without harmful chemicals from bleach, ammonia or synthetic fragrances.

what it does

Our USDA certified 87% biobased bleach alternative safely lifts and removes the toughest laundry stains and odours, brightening whites and boosting colours in all temperatures.* You can also use it throughout the house to remove set-in stains and grime from grout, vinyl, granite and much more.

how it works

Powered by active oxygen and four types of enzymes, this colour-safe, powdered bleach alternative can be added to the wash, mixed with water and sprayed onto surfaces, or made into a paste. It's a deep clean that's safer for your family and the earth. No more pungent bleach fumes!

what it does

Works in all water temperatures to penetrate and dissolve stains like coffee, tea, juice, grass, makeup, lipstick, mascara, wine, eggs, cherries, berries, mustard, blood, grease and more. Gentle on delicate fabrics.**

how it works

Now with five biodegradable enzymes and plant-derived surfactants, this USDA certified 57% biobased formula powers away stains quickly and effectively.

OceanBound Plastic packaging means less waste is headed for the sea.

it's a fact

Around the world, used paper towels create 245 million tons of waste every year.

clean is a pump or spray away

Give your dishes an extreme, natural clean without leaving toxins behind.

why it's better

- Powerful, biodegradable ingredients.
- Quickly dissolves stuck-on residue.
- Great for hand-washing.
- Super-concentrated.

BioZyme™ Dish Soap Concentrate

USDA certified 100% biobased, plant- and enzyme-based concentrate easily powers away baked-on food, grease and stains with just a pump or spray, leaving handwashable dishes, fine china and glassware sparkling. With Aloe Vera extract to moisturise your hands and Lavender oil to provide a soothing scent. Dilute 60 ml in the pump or spray bottle of your choice. *Not for use in automatic dishwashers; do not dilute product into a sink full of water.*

pure. natural. effective.

These products harness the power of pre- and probiotics, plants and/or other natural elements to deliver all-day confidence and effectiveness—plus they're completely free from synthetic fragrances, dyes and flavourings.

what it does

This lotion provides 24 hours of intense moisturisation while protecting and maintaining your skin's natural balance. Contains nut-derived ingredients (palm nut).

how it works

Our 92% USDA certified biobased Probiotic & Antioxidant Formula strengthens your skin's natural barrier, helps neutralise free radicals and guards against environmental aggressors.

what it does

USDA certified 99% biobased ingredients deep clean, whiten and brighten your teeth, freshen breath and support oral health.

how it works

The probiotic L. paracasei and Xylitol help balance your oral microbiome, as activated White Binchotan Charcoal gently removes unhealthy buildup and surface stains. Essential oils naturally freshen breath.

what makes our products better

ENZYME-BASED CLEANERS

Your home is no place for harmful chemicals—that's why many of our household cleaning products contain enzymes instead. Enzymes not only work safely and quickly to break down soils, stains and odours, they provide a better clean, free from harmful chemicals, so they're safer for your family and the environment.

USDA CERTIFIED BIOBASED

Look for the logo. USDA Biobased Certification indicates that a significant percentage of the product is derived from plants and other renewable agriculture, marine and forestry materials. To date, 19 of our formulations (and counting) have earned the United States Department of Agriculture's Certified Biobased label—high-profile recognition given only to products that contain a USDA-verified amount of renewable biological ingredients.

OCEANBOUND PACKAGING

The OceanBound label on our 355ml bottles indicates they're made of plastic waste that was at risk of entering the world's oceans. This is plastic that for whatever reason had fallen outside normal collection processes and was in danger of becoming a part of the 9 million tons of discarded plastic estimated to flow into our oceans every year. Bottles made from OceanBound Plastic are completely recyclable in most municipal recycling streams.

AUTOSHIP AND SAVE

Never run out of the products you love! Ask your Norwex Consultant about our AutoShip & Save program and receive a 10% discount on all recurring orders of select products. "I hosted my first Norwex party with Krys in April. I had never heard of Norwex before until a friend invited me to her online party. Krys' knowledge of the products and her positive energy prompted me to host a party. It was such a fun event with great prizes. Lots of laughter.

I loved her honesty, openness and her passion. The live demos were informative with a touch of humour. I couldn't believe how many products I got for free. These are the best products I have ever used. Krys' knowledge and passion sold Norwex to me plus it's much healthier for me, my family, pets and the environment."

Jenny Manns, Host of Krys Csatlos,
Sales Leader, Victoria
Creating Safe Havens for 2 years

"I've hosted multiple Norwex party's with Jodie, who continues to educate me and my friends with her evolving knowledge of the products, their different uses and how they benefit the whole family. I trust her as she has tried and tested everything, I can't wait to host my next Norwex party with her."

Laura Ramsey, Host of Jodie Nash,
Team Coordinator, NSW
Creating Safe Havens for 5 years

"I've had the pleasure of attending and hosting Sue's parties, and what a thoroughly enjoyable time myself, friends and family have had, each and every time. Sue has a way of engaging every personality and adjusting parties to work for her audience. Sue has an endless knowledge of Norwex products and a light, fun approach to what some may call a chore "Cleaning"! The combination of Sue and Norwex's simplicity, incredible quality, fast delivery and well thought out multi-purpose, every day, make my life easier products, is WOW! You come away from Sue's parties with the desire and inspiration to smash out a full spring clean!"

how to care for your microfibre

- Machine washing and drying are recommended prior to initial use. Rinse slightly dirty microfibre cloths under warm, running water and hang to dry** or drop into the dryer.
- Do not use bleach. Do not use fabric softeners or dryer sheets when laundering microfibre; they coat the fibres and reduce their ability to clean effectively.
- Launder microfibre cloths separately or with other lint-free laundry. Dry completely.
- For an even deeper clean, use Microfibre Cleaner Laundry Booster.
- For best results, use a laundry detergent that's free from fillers, like a Norwex laundry detergent.
- Do not use microfibre (except Optic Scarf and Tech Cleaning Cloth) on anti-glare surfaces.

**When air drying, always hang to dry, as leaving darker colours of damp microfibre on benchtops may stain the surface.

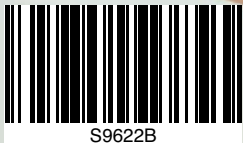

All Norwex Microfibre products carry a two-year warranty. Please visit www.norwex.com/product-guarantee for complete details.
